BNIT RPL & Desire2Learn®

AeP2.0
Recognition of Prior Learning (RPL)

“formal recognition of a person’s current skills and knowledge, no matter how, when or where the learning occurred.”

BNIT RPL project

- BNIT RPL Implementation model
- AFLF funds BNIT RPL Support Systems Trial
- BNIT partners with Desire2Learn ePortfolio
Why ePortfolios for RPL?

- Tackle industry skills shortages
- Streamline RPL processes
- Powerful means for both personal and organisational promotion.
Why Desire2Learn?

- Technology integration
- Customisation
- RFI around four key areas
  - Learner support processes
  - Access
  - Learner options
  - Portability
What type of eP is D2L®?

According to AeP 2008 report:

- Working ePortfolio
- learning, assessment, presentation, reflective, and personal development applications
- Exception: D2L allows for multi-user not multiple owner.
Learner centricity
